Version 22.07.2016  
created by Liu QiaoXi

# initial GUI

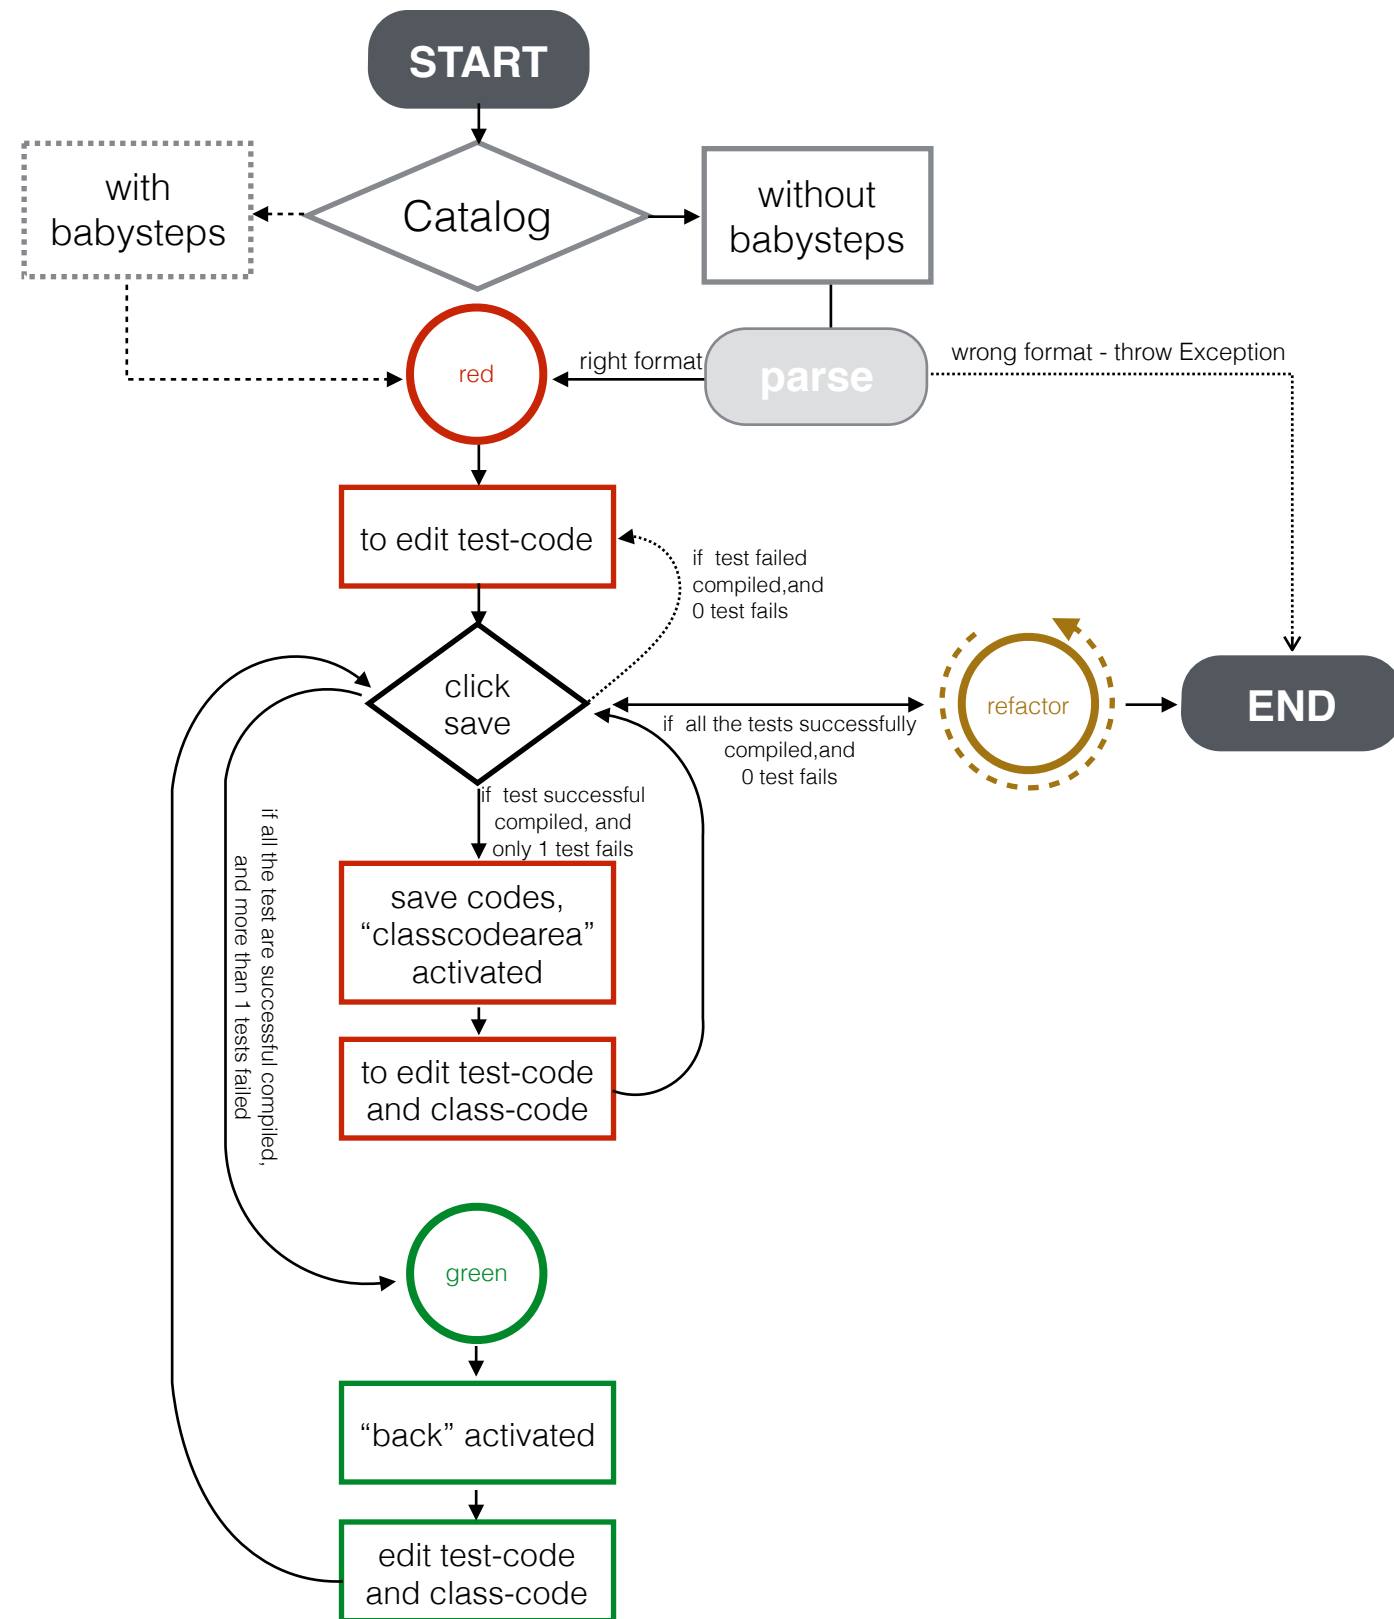

# Diagramm

the TDDT is not starting,  
3 clocks don't run.

if the .xml file is opened,  
the TDDT starts.

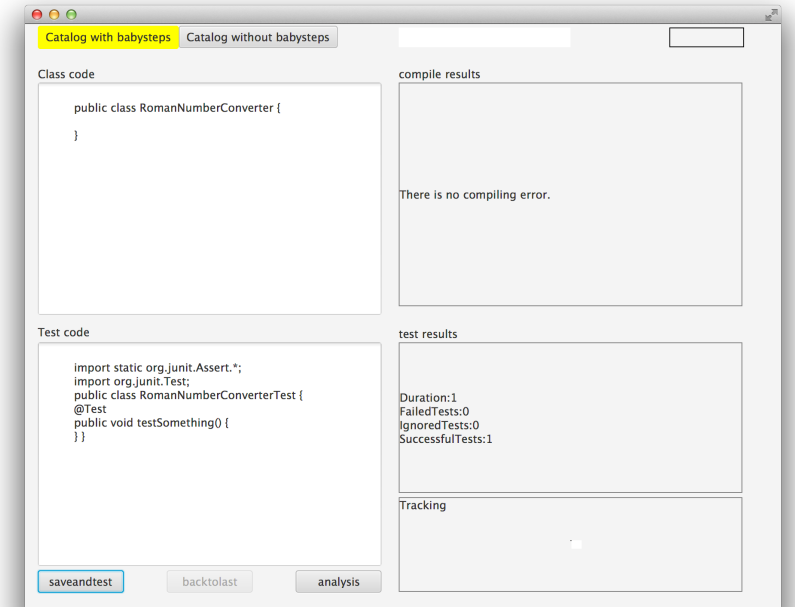

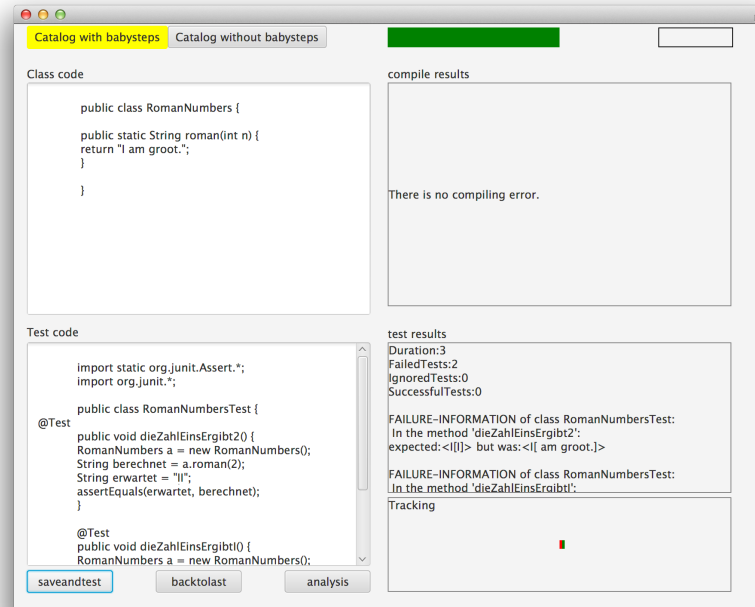

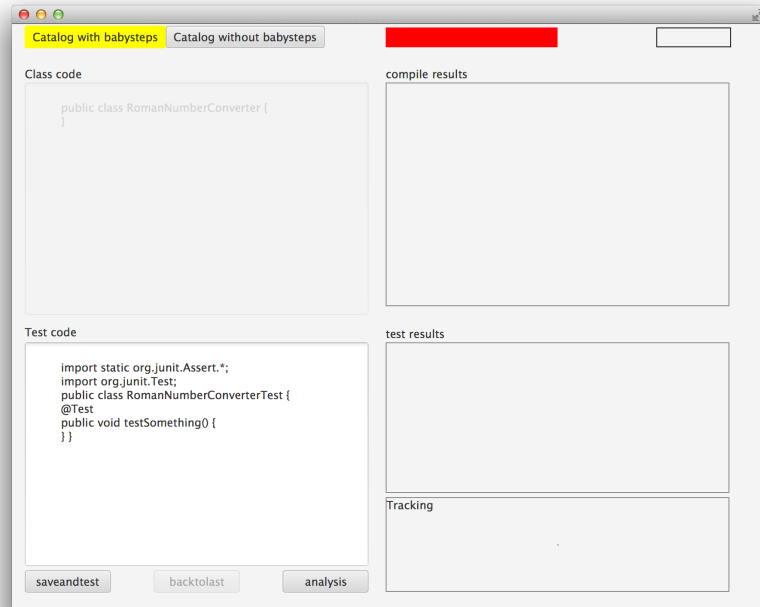

There is always one  
and only one clock  
running(counting).

### 3 status

green

MyClock(red)  
counts the time.as well as the  
tracking bar shows the length.  
if in baby steps mode,there is a  
time limit.

MyClock(green)  
counts the time.as well as the  
tracking bar shows the length.  
if in baby steps mode,there is a  
time limit.

MyClock(white)  
counts the time.as well as the  
tracking bar shows the length.
